

Question: "What are you doing, digging a hole in the grass in front of the church?"

"Isn't this the place to bury one's gifts? I see lots of other mounds. I'm trying to protect my gift by burying it at the church..."

"Wait, we'll do that for you. We provide a backhoe to save you the energy and the time. We prefer to keep the rows in an orderly manner. Otherwise, if each person dug their own hole, there might be a lack of uniformity."
